FROM: Sher Bahadur, Chairman */RA/*
Committee to Review Generic Requirements

SUBJECT: COMMITTEE TO REVIEW GENERIC REQUIREMENTS: MINUTES
OF THE MEETING NUMBER 411

The Committee to Review Generic Requirements (CRGR) Meeting Number 411 was held on October 23, 2006, at 2:30 P.M., with the attendees listed in the enclosure. The purpose of the meeting was to review the draft final rule, 10 CFR Part 73.1, "Design Basis Threat," (DBT) and conduct an internal CRGR discussion on issues related to the Committee's business. The transmittal memo for the Part 73.1 rulemaking package and the associated CRGR Charter Appendix C responses along with the staff presentation slides are located in ADAMS (respectively, ML062960178, ML062960185 and ML062980581).

Messrs. Manash Bagchi of the Office of Nuclear Reactor Regulation (NRR), and Richard Rasmussen, Glenn Tracy of the Office of Nuclear Security and Incident Response (NSIR), and Jason Zorn of the Office of the General Counsel (OGC) briefed the CRGR on the draft final rule.

Item 1: Part 73.1, "Design Basis Threat"

The staff discussed the draft final rule and indicated that backfit rule exceptions, 10 CFR 50.109(a)(4)(iii) and 10 CFR 70.76(a)(4)(iv) are being invoked because Part 73.1 is redefining the level of adequate protection. Furthermore, the staff indicated that the intent of the draft final rule is to codify requirements which are consistent with the April 29, 2003 Orders, and Interim Compensatory Measures (ICM) Orders. As such, the rulemaking does not impose any additional burden on affected licensees since these licensees are already in full compliance with the existing requirements in the Orders, and ICM Orders.

The staff indicated that the DBT rule also incorporated cyber threat considerations. The considerations are the result of previous agency communications issued to the licensees, a component of the Energy Policy Act of 2005 and public comments provided on the DBT rule.

The CRGR had no objection to the staff proceeding with the final rule.

Item 2: Internal CRGR discussion

The CRGR discussion in part was the result of a commitment made in the CRGR Annual Report (SECY-06-0201, ML062410524) to address the stakeholder feedback received through a presentation by Mr. Keith Jury of Exelon given at

an industry conference on August 9, 2009. Also, the CRGR members discussed the scope and future role of the Committee.

The CRGR Chairman pre-briefed the DEDMRS on item 2 on Wednesday, November 8, and will brief the EDO on Tuesday, November 14, 2006.
