Dear Mr. Goorevich:

Enclosed is an application for a license (XSOU8810), recently received by the U.S. Nuclear Regulatory Commission, for the export of natural uranium as Uranium Hexafluoride (UF₆) to Europe for enrichment at the Urenco plants in England, The Netherlands, and Germany to ultimately be used as fuel for non-U.S. power reactors. Assurances from EURATOM are required that the material will be subject to all of the terms and conditions of an agreement for cooperation. Your assistance in obtaining the necessary assurances will be appreciated.

Please note that the material is of Australian and Uzbekistani origin. It, thus, has Australian obligations.

Also, the applicant would like to schedule the first shipment for January 2007.

Sincerely,

/RA/
