Oscar:

I spoke with Tom Fredrichs, our surety specialist, and he said that incorporating our requested changes in an amendment is fine with him.

Stephen Cohen:

Thank you for your fax this morning. In reviewing the changes the following pertains:

**1. Change from 10 CFR Part 30 to 10 CFR Part 40**

This change has been addressed in an amendment dated November 29, 2002 which is part of the instrument.

**2. Language Regarding Receipts**

This can be handled by an amendment.

By amending the existing Letter of Credit (LC) to increase it to the new surety amount and address the language changes as opposed to obtaining a new Letter of Credit (LC), the delays involved in a new application and associated approvals are avoided.

Will an amendment to the existing Letter of Credit (LC) be satisfactory?
