Dear Mr. Lee:

Please accept this addendum to our request to amend our existing USNRC Materials License, number 37-30086-01.

With regard to the appropriate disposal of the Depleted Uranium currently stored at 15 Alliance Street, New Philadelphia, Pennsylvania we commit to removing all within 18 months of November, 2006 (on or before May 31, 2008). The USNRC will be notified in writing prior to any such disposal and we will confirm that any handler and depository for said DU shall be appropriately licensed for such activity.

If you have any questions regarding this request please contact Bob Beauvais at 570-277-6218 or 610-428-9700.

Sincerely,

Robert Beauvais  
Administrator
