Subject: Lafarge Well Sampling

Gentlemen,
GES has verified that they will be sampling the Lafarge wells on Tuesday 9/19, arriving at Lafarge at 0800. I would like to take this opportunity to offer the NRC and the NYS DEC the opportunity to obtain split samples from these wells at that time.

I will need to provide the names of any individuals that will require access to the Lafarge property no later than midday Monday 9/18. Because the Lafarge property is an active industrial area all personnel will be required to wear safety shoes, hard hat and eye protection.

Thanks,

Patrick Donahue
