Re: RSO Amendment to License #45-09355-02 - revision 03006584

Dear Sir:

This memo is to modify an earlier memo (October 11, 2006) from Rob Benevento describing a recent re-structuring at our Applied Extrusion Technologies, Inc. Covington VA plant site and training of Mike Wade as RSO.

The specific training location, date and resource have been changed from Madison, Wisconsin on Oct. 23, 2006 at Engelhardt & Associates to Gaithersburg, MD the week of November 13 at Radiation Safety Academy.

Sincerely,

Mike Wade

Covington Plant Engineer
