Hello Mr. Jackson:

Attached please find a letter regarding the recent NRC inspection report on Oyster Creek. The "observation" in the torus room troubled us on two counts:

- 1) NRC has repeatedly warned licensees not to precondition before tests and inspections, yet AmerGen preconditioned the torus room before the NRC team got there.
- 2) AmerGen's explanation about water being in the collection jogs for the first time ever is truth-challenged.

Thanks,

Dave Lochbaum
