Monticello Nuclear Generating Plant  
Docket No. 50-263

Information Request for Upcoming Problem Identification and Resolution Inspection  
(11/13 – 12/01/06)

Mr. Shah,

Attached are two sets of CD-Rom disks containing the requested information for the Monticello Nuclear Generating Plants upcoming USNRC Problem Identification and Resolution (PI&R) Inspection.

All information is complete with the exception of Question 3, part b, which requested a count of ARs initiated by department. That information will be provided upon your arrival on-site on November 13, 2006.

Your technical point of contact for the inspection is Jessica Rieder, Corrective Action Program Coordinator and she may be reached at (763) 295-1230. The logistical and administrative point of contact for the inspection is Ron Baumer, Regulatory Affairs and I can be reached at (763) 295-1357.

Respectfully,

Ron Baumer
