SUBJECT: CHANGE IN NRC STAFF PROJECT MANAGEMENT FOR UNIVERSITY OF  
ILLINOIS REACTOR FACILITIES

Dear Mr. Holm:

On October 1, 2006, the U.S. Nuclear Regulatory Commission (NRC) staff project management for your facility was transferred from the Office of Nuclear Reactor Regulation, Division of Policy and Rulemaking, to the Office of Federal and State Materials and Environmental Management Programs (FSME), Division of Waste Management and Environmental Protection (DWMEP). This change is being made to consolidate the NRC decommissioning activities in one central organization. This change in regulatory oversight will allow licensees to capitalize on FSME experience and expertise in the evaluation of any future dismantlement, decontamination, and license termination activities.

Tom McLaughlin has been assigned as your Project Manager in FSME/DWMEP. He can be reached at (301) 415-5869. Future official correspondence should be directed to the Document Control Desk with a copy sent directly to:
