Subject: Fwd: Exelon Nuclear Reactor

Here's a statement.

>>> "Bernice Barta" <busia80@msn.com> 10/26/2006 1:26 PM >>>

Dear Sirs, I am writing to you regarding Exelon's request for a second nuclear reactor in Clinton, Illinois. As a U.S. citizen, I strongly oppose the building of any more nuclear reactors. The nuclear radioactive waste from these reactors is piling up at these plants and elsewhere endangering all the citizens who live near them with nuclear radiation. No safe place has been found in the US to store radioactive waste. With an unknown, exceedingly long lifetime, storage places for radioactive waste have been rejected everywhere in the US. Therefore I oppose Exelon's request for a second nuclear reactor at Exelon's Clinton Nuclear Plant. There are already too many nuclear reactor plants near the Chicago area. The US needs to concentrate on other sources of energy such as wind-driven and solar energy.

Sincerely, Bernice Barta, 821 Ridge Ave. Evanston IL 60202
