Alicia,

Most of the documents that I sent you I can definitively say are public. There are two exceptions.

1. I have inquired about the sensitivity of the document titled "Pilgrim losses Stratus." I did not create this one, so I'm asking EPA (who contracted w/ Stratus to create the report) if it is OK to publicize.
2. There is also a document that I created titled "Power plant list for NRC 5 4 06." I'd prefer that that not be made public only because I have not had the opportunity to fill the entire document in, nor have I had the opportunity to update it and do a thorough quality control check on the data. However, all of the data are from published reports that are public.

Thank you.

Todd
