Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	Training documentation	
Summary:	<p>The licensee requested to add two individuals to the license as AUs. The licensee did not provide any documentation of their training except the statement that these individuals have received identical training as he had, and that he will supervise these individuals for a 3 month period.</p> <p>I called the licensee to discuss the training of these individuals. He stated that they have recently joined his company and they have received training from manufacturers.</p> <p>I informed him that we can not list the individuals as AUs on an ad hoc basis and that they must have the necessary training and experience before they can be named as AUs on the license. I suggested to him that he can submit the request later after they have acquired sufficient experience in handling the licensed material.</p> <p>He agreed to withdraw the request and will resubmit it in about 3 months time.</p>
