Re: Change of Legal Entity for License Application (sealed sources) Molecular Technology Inc., (MTI) North Wales, PA Facility – Control # 139514

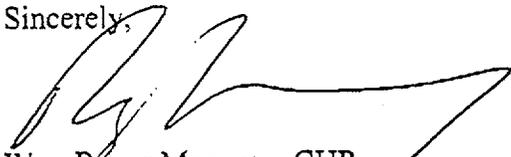

(41-31193-01)

Dear Ms. Ullrich,

Per our telephone conversation earlier today, please accept this letter as a request to change the legal entity on the MTI license application to Siemens Molecular Imaging, Inc. This is a different legal entity from PETNET. The address where radioactive materials will be used is still as on the application, with correspondence going to my attention at 810 Innovation Dr., Knoxville, TN 37932. We apologize for any confusion that was inadvertently created with the neighboring PETNET facility.

Should you have any additional questions, please contact me at the number below or Frank Plastini at 518-452-1018.

Sincerely,

Wm. Roger Moroney, CHP
