

<b>TELEPHONE CONVERSATION RECORD</b>	<b>Date: 11/24/93</b>	<b>Time: 10:20 AM</b>
<b>Mail Control No.:</b>	<b>License No.:29-01022-14</b>	<b>Docket No.:</b>
<b>Person Called: Betsy Ullrich</b>	<b>Licensee Dept Army</b>	<b>Telephone No.: 908-544-3112</b>
<b>Person Calling: Steven Horne, chief, Safety Office</b>		
<b>Subject: licensing questions/request for meeting</b>		
<p><b>Summary:</b> Steven Horne is Joe Santersiero's supervisor. He is confused by my response to Santersiero. we reviewed similar items (objects to transmittal letter req't to notify NRC of termination of use by any authorized user...explained this is for individuals named on the lices...he says poor wording; objects to quarterly leak testing of alpha sources...I told him this is standard req't...he says this is nonsense..I told him cannot change policy but he can perform wipe tests in more efficient manner). Most of these issues can still be clarified during telephone conversation. We spoke for about 20 minutes on these issues.</p> <p>He questioned the need for public meeting. I explained that this is new open door policy as of a year or two ago. He still would like to have meeting regarding closure of bases/release for unrestricted use. he wants to discuss what we will require in a decommissioning plan, what concerns we will have, how detailed it should be.</p> <p>I said that I would discuss his request for a meeting with dr. shanbaky, and reviewed our organizational structure with him. I also told him that I would set up a date to review the license issues by telephone, in order to weed out the simple issues that would not need discussion at a meeting, He was agreeable to this.</p>		
<p><b>Action Required/Taken:</b> 11/24: discussed with Shan - will meet in JANUARY OR February if necessary, but no time before. Meanwhile, he needs to request the meeting in writing, including a tentative agenda. The telephone meeting about license in fine, go ahead.</p>
