Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Status of License	
Summary:	<p>I left a message on Mr. Natale's voice-mail for him to get back in touch with me since his phone message of 8/24/2006 indicated that they had transferred the Kevex to the manufacturer for a generally-licensed item.</p> <p>15:00 Mr. Natale returned my phone call. He stated that the licensee is no longer in possession of the Kevex gauge. After our previous conversation, he e-mailed John Tiziani about the conversation and the need to terminate the license. The contact for any further action should be Paul Vastola, Senior Cost Accountant at 973-344-4570. He works for Mr. Tiziani.</p> <p>15:10 I left a message on Mr. Vastola's voice-mail for him to contact me regarding what to do with the license.</p> <p>11/2/2006 08:40 I left a message on Mr. Vastola's voice-mail for him to get back in touch with me.</p> <p>10:15 I spoke with Mr. Vastola about the gauge. He confirmed that the gauge had been sent back to the manufacturer but he was having difficulty getting the information from his people. He would like a letter detailing his options. Since they do not have the gauge, a clear inspection letter would be issued which would also detail his options.</p> <p>15:00 I informed Mr. Vastola that there was documentation on file (8/12/2002) of the transfer of a Kevex gauge and the request to remove it from the license. Mr. Vastola should confirm the type of gauge currently possessed with Mr. Natale and that it is generally-licensed. A copy of the last leak test record on the Kevex should be enclosed with the licensee's request to terminate the license.</p>
