SUBJECT: RETURN OF PROPRIETARY INFORMATION

Dear Mr. Horne:

Enclosed with this letter is the proprietary information that you submitted with your amendment request dated May 11, 1998 for the above license. The proprietary information is being returned to you because the amendment was voided because a sealed source and device review had not been performed by the State of Florida, where the manufacturer is located, or by the NRC. Resubmission of the proprietary information when you reopen the licensing request will not be required because the information will be contained in the sealed source and device certificate of registration.

Thank you for your cooperation.

Sincerely,

A handwritten signature in cursive script that reads "Steven Courtemanche".
