Dear Mr. Gunn:

Referencing your letter of August 24, 2006, regarding the Area 10 Sand Piles Operable Unit, the Army Joint Munitions Command and the Army Environmental Center are continuing discussions on issues raised by your letter. The Army delivered the draft Area 10 Remedial Investigation (RI) Report to the FFA parties for review on September 11, 2006. We request an additional 30 days to allow for regulatory review of the RI and the Army to complete the response to your letter. Please contact the Project Manager, Ms. Kristine Stein at 816-796-7159 with any questions or concerns.

Sincerely,

Thomas J. Buechler, P.E.  
Chief, Operations Division  
Lake City Army Ammunition Plant
