Reference: Docket Number 040-08158

Gentlemen:

Upon receipt of Source Material License Number SUB-1150, Amendment 04, it was discovered that several omissions and errors existed in license.

The following changes are requested as indicated in renewal application:

a. Condition 1 should be changed to read: Department of the Army
US Army Communications and
Electronics Materiel
Readiness Command

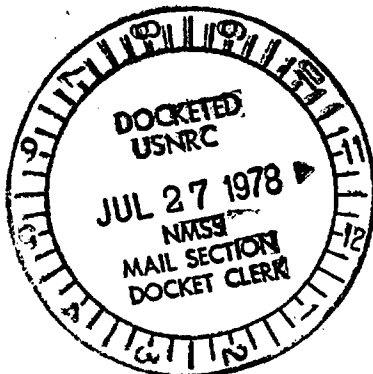

b. Condition 7B should read: Sealed Source (Nuclear Research Corporation Model B-1093).

c. Condition 12 should read: Licensed material shall be used by, or under the supervision of, individuals designated by the Department of the Army Communications and Electronics Materiel Readiness Command.

It is felt that the above statement best describes the function of Army Communications and Electronics Materiel Readiness Command as it relates to the fielding of radioactive commodities.

Please acknowledge receipt of correspondence on enclosed NRC-46 Reply Card.

Sincerely,
