RECEIVED  
REGION 1

To Whom It May Concern:

We would like to amend our Materials License to reflect the following changes...

- Remove the following individuals from the license

James David Bohri, M.D., as Authorized User

- Please change our Radiation Safety Officer to:

03010099

	Individual	Previous experience, license number, etc.	
Radiation Safety Officer	Joseph Zacher, M.D.	NRC#: 37-15960-01	

- We would also request that the following Material and Use be removed from our license as we do not currently have an AU with the training to do these procedures:

Any sodium Iodide iodine-131 diagnostic study or therapy procedure permitted by 35.300, except thyroid carcinoma, In vitro studies and Strontium 89 for uses identified in 35.300.

If you require any additional information concerning this amendment request, please contact our consultant physicist, Doug Heim at (570) 452-6475.

Sincerely,

Mark Gregson  
Interim CEO

## Radiation Safety Officer - Delegation of Authority

You, Joseph Zacher, M.D., have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the radiation protection program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified by radiation safety. You are required to notify management if staff do not cooperate and do not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time.

I accept the above responsibilities,

Joseph Zacher, M.D.
