RE: Request for Information about Objects or Resources of Cultural
or Archaeological Importance at the Former Salmon River Uranium
Development Mill Site, North Fork, Idaho; Review under Section 106
of the National Historic Preservation Act and 36CFR800

Dear Mr. Rodriguez:

Please find enclosed our comments from April 23, 2005, on
this project. Our recommendations are still relevant. Once we receive
the archaeological and historical survey report, we can proceed with
our review under 36CFR800.

A list of archaeological consultants (Local and Regional
Archaeological Consultants) can be found on our website at
www.idahohistory.net (go to State Historic Preservation Office, then
to Federal Project Review). You may also be interested in guidance
on the Section 106 Review process that was recently posted on the
same website. The link is also under Federal Project Review.

We look forward to hearing from you. If you have any
questions, please feel free to contact me at 208-334-3847, ext. 107.

Sincerely,

Susan Pengilly Neitzel
Deputy SHPO and
Compliance Coordinator
