Stewart Brown, Senior Project Leader  
Licensing Branch  
Division Spent Fuel Storage and Transportation  
Office of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Mr. Stewart Brown:

Enclosed are six copies of the response to your request for additional information dated October 19, 2006, for Model No. S300 Fissile Material Transportation Package, Docket number 71-9329, TAC No. L24008. Los Alamos National Laboratory's Off-Site Source Recovery Project (OSRP), through the U.S. Department of Energy, hereby submits the response and request continued Nuclear Regulatory Commission review of the packaging for Type AF approval. Advance electronic copies of the enclosed documents were provided.

If you have any questions, please contact me at 301-903-5513 (or Justin Griffin of the OSRP Team at 505-606-0362).

Sincerely,

James M. Shuler  
Manager, Packaging Certification Program  
Safety Management and Operations  
Office of Environmental Management
