Summary:	Your letter of November 9, 2006 states that you have stopped tritium in watch manufacturing in 2003. Are you importing any tritium products for distribution? Yes, we are still importing clocks which contain tritium. I reviewed the e-mail dated August 13, 2003 (ML032250436) and the cover letter to amendment 1 dated July 25, 2003 (ML032070003) which was still accurate to their processes and they do not need a license for repair. However, they do need a license for storage of items prior to distribution and that location was not shown on their new facility map.	
Action Required:	Mr. Cary will send in a new diagram of the storage facility.
