16 November 2006  
DCS-NRC-000200

Subject: Docket No. 070-03098  
Shaw AREVA MOX Services  
Mixed Oxide Fuel Fabrication Facility  
Evaluation Pursuant to 10 CFR 70.22(i)(1)(i) –  
Emergency Plan Assessment

- Reference: (A) Letter, K. D. Stinson (MOX Services) to Document Control Desk (NRC),  
*Mixed Oxide Fuel Fabrication Facility Evaluation Pursuant to 10 CFR  
70.22(i)(1)(i) – Emergency Plan Assessment, 27 September 2006*
- (B) Letter, J. R. Strosnider (NRC) to D. Stinson (MOX Services), *License  
Application for the Mixed Oxide Fuel Fabrication Facility, 7 November 2006*

Consistent with the request contained in Reference (B) to make more of the Mixed Oxide (MOX Fuel Fabrication Facility (MFFF) license application documents available for public review, Shaw AREVA MOX Services (MOX Services) is rescinding its request to withhold from the public disclosure its evaluation pursuant to 10 CFR 70.22(i)(1)(i). As such, MOX Services is resubmitting its evaluation (Enclosure 1) that demonstrates that the threshold values of that regulation for submittal of its Emergency Plan to the NRC are not exceeded. Therefore, MOX Services does not intend to submit an Emergency Plan for NRC approval.

Upon NRC approval of the enclosed evaluation, MOX Services will reference that approval in a revision of the MFFF license application.

If you have any questions, please feel free to contact me or Dirk Leach, Vice President and Deputy Project Manager, at (803) 502-1895.

Sincerely,

David Stinson  
President and COO
