Subject: I would like to get a complaint on record with the Department of Justice and the Office of Govern

I would like to get a complaint on record with the Department of Justice and the Office of Government Ethics against the people listed on this email. In my opinion, for Government agencies and federal employees to want to build any kind of nuclear industry in an active earthquake zone like we have in Lea County NM is a danger to the public health in the long term.

Phillip Barr
Lea County, NM
