

**Software Release Notice  
Acquired Software**

1. Software Name: EZ-FRISK Software Version: 6.22

2. Software Function: This software performs probabilistic seismic hazard calculations.

3. Summary of Actions:  
 New Software       Update to Existing Software       Software Retirement

**4. Software Installation**

4a. Computer Platform(s): PC      4b. Operating System(s): MS Windows  
 4c. Programming Language(s): NA      (98/NT/2000/XP)

4d. Installation Testing:  
 Passed      Performed by: Sarah Gonzalez  
 Testing Performed On: 09/05/2006  
 Description of Testing Performed:  
 Refer to software validation test plan and report

4e. Archive Copy:  
 Enclosed       Not Available, Why: The software runs from the Risk Engineering website.

Installation Performed by: IMS

Date: 01/12/2005

Remarks:

**5. Software Assessment**

Validation Status:  
 Full Validation       Limited Validation      Date of Validation: 09/2006  
 Not Validated, Explain:

Software User: Sarah Gonzalez

Date: 09/06/2006

Remarks: None

**6. Approval**

Manager:

Date:

Remarks:

**7. QA Verification**

SRN Number: 400203401

Verified by: *R/Bunt*

Date: 9/14/2006

Remarks: None
