Re: Freedom of Information Act Request

Dear Freedom of Information Act Officer:

Pursuant to the Colorado Open Records Act, Colo. Rev. Stat. §§ 24-72-201, *et seq.*, we request an opportunity to examine and potentially copy records maintained by the NRC relating to the State of Colorado's status as an "Agreement State" under the federal Atomic Energy Act with authority to regulate radioactive materials and sources under the Colorado's Radiation Control Act. Specifically, the records sought by this request include the following, from the inception of Colorado's radiation protection and control program in the 1960s through the end of 1986:

(a) Records reflecting the State of Colorado's application for delegation as an Agreement State, the review by the U.S. Atomic Energy Commission (AEC) or the U.S. Nuclear Regulatory Commission (NRC) of Colorado's application, and the approval by AEC or NRC of Colorado's request for Agreement State status; and

(b) Records reflecting AEC's or NRC's periodic oversight, inspection or evaluation of Colorado's radiation program, including but not limited to (i) any AEC or NRC audit, report, memorandum or correspondence and (ii) any report, memorandum or correspondence by any representative of the State of Colorado in response to or in connection with any such AEC or NRC oversight, inspection or evaluation.

We understand that there may be fees associated with responding to this request, and we are willing to pay the processing fees. Please let us know if
