Date: October 24, 2006

Subject: Update of the *Directory of Personnel Responsible for Radiological Health Programs*

Respond by: November 30, 2006

We are preparing to issue the 2007 edition of the *Directory of Personnel Responsible for Radiological Health Programs*. Enclosed is your listing as we have it currently. We are requesting that you review your directory listing and:

- M Correct the listing.** If there are changes needed, it is our preference that changes be indicated on the enclosed sheet(s) so we can easily determine what needs to be changed. If you prefer to retype your listing to reflect the changes, it would be most helpful and greatly appreciated if you would highlight or redline the changes especially if you e-mail changes. **(If a P. O. Box is listed as a mailing address, please provide a delivery/visitor's address).**
- M Add individuals.** Please provide comparable details (name, position title, agency, telephone numbers, extension numbers, E-mail address, and mailing address if different) for each official in any agency which has a radiation control responsibility in your state or federal agency. We also want to list in the directory those persons in your agency who are committee chairpersons or liaisons for CRCPD. Please confirm your acceptability of listing these individuals. These areas might involve low-level radioactive waste, environmental monitoring, radiation producing machines registration and control, radioactive material licensing and control, etc. Be sure to indicate exactly where each individual should be inserted in the listing.
- M Identify a mammography contact and a radon contact** if not previously provided.
- M Add E-mail addresses.** We sometimes have difficulty in distinguishing the letter l (L) from the number 1 (#1) and the letter O from the number 0. So in providing us with Internet addresses, if they contain a number 1, please show it as 1. If it is a letter 1, please write a capital L. And if it is the letter O, please write a small o and show the number 0 as .

M **Add Web site.** If you have a Web site please provide us with the information and we will add it to your main address listing. Please follow the comments under "add E-mail addresses" regarding particular letters and numbers we have difficulty distinguishing.

M **Return the information to me by November 30.** Either record the changes that need to be made, or write that the sheet is correct, and return it to me. If you do not have any changes you may advise me via e-mail at ssmith@crcpd.org.

Thank you for your assistance with this important project. Keeping the Directory current and up-to-date is very beneficial to a large number of persons involved with radiation protection.
