I'm sure the folks in NRO will have a place for this.

Do you want to refer this to someone in licensing? It appears to be just a statement of a personal opinion and does not request a response.

comments: As a Georgia citizen and as a physician, I am writing to oppose the expansion of Plant Vogtle to four nuclear reactors. I am a resident of Atlanta and am concerned about the disposal of the nuclear waste and also the long-term safety of operating nuclear reactors. Please do not expand it.

Sincerely,

Barbara Krull MD
