

Alpha-Omega Services, Inc.

Where Quality Means Exceeding Expectations

71-5979

November 15, 2004

E. William Brach, Director
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Ref: Certificate of Compliance # 5979 Rev 10

Dear Mr. Brach

Alpha-Omega Services, Inc. hereby requests a modification to the Container/Transfer Cask as allowed under provision 10 CFR 71.13.

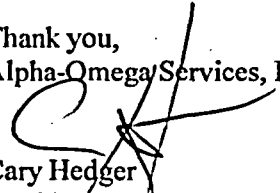

The modification consists of welding 3 on each side 5/8-11 nuts on the inside/backside of pallet tie down

This modification to the container/transfer cask on Drawing # 0091 chg ltr A date 11/04. We consider that the modification will not significantly affect the design, operating characteristics or the safety performance of the containment system of the 5979.

The packages are maintained and operated under the Alpha-Omega Services, Inc. Quality Assurance plan for shipping packages which has been inspected, reviewed and approved by the NRC under approval # 0086 Rev 7, Docket Number 71-0086.

Thank you very much for your prompt review. If you have any questions or comments please contact me.

Thank you,
Alpha-Omega Services, Inc.

Cary Hedger
President, RSD
