**INVISTA S.à r.l. Seaford Site
Amendment to Materials License Number 07-03744-01**

03003965

Dear Ms. Johansen:

INVISTA S.à r.l. is requesting an amendment to its Seaford site's U.S. Nuclear Regulatory Commission Materials License Number 07-03744-01 to identify Steve Ferree as the Interim Site Radiation Safety Officer.

Elizabeth P. Link is currently the Site's Radiation Safety Officer. Ms. Link will be on temporary leave from the site for approximately the first quarter of 2007. The site proposes to designate Steve Ferree as the Interim Radiation Safety Officer effective immediately and continuing until Ms. Link returns. The site has also requested that the Delaware Division of Public Health designate Mr. Ferree as the Seaford Site Interim Radiation Safety Officer for Delaware X-ray Registrations 1423 and 2136BIS. The site will request another license amendment when Ms. Link returns from leave to resume her role as the Radiation Safety Officer.

Mr. Ferree has successfully completed the training described in Criteria in the section entitled "Radiation Safety Officer" in NUGEG-1556, Vol. 4, "Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Fixed Gauges Licenses," dated October 1998. He previously held the role of Site RSO from August 26, 2005, through December 16, 2005.

Please contact Lisa Link at (302) 629-1086 or Steve Ferree at (302) 629-1007 if you have any questions pertaining to this request.

Sincerely,

Michael A. Terry
EHS Manager
