Enclosed is a license application for export of zirconium tubes to Zircotec in Canada. If this application is approved Zircotec will ship approximately 100,000 pounds of tubes per year over the next four years to this Chinese project for use in the Third Qinshan Nuclear Power Corporation facility. I am requesting that this license remain in affect for four years to be sure we get the product made and shipped to them before the license expires.

I have enclosed the end-use statement, BIS-711, NSG Certification and information on the end user. Please let me know if you have questions or need additional information for this license application.

Sincerely,

A handwritten signature in cursive script that reads 'Stacie LaFollette'.
