Dear Ms Lanzisera,

We have received confirmation for an amendment to the above license to move treadmill/cardiac activities to a new location.

In this confirmation dated November 24, 2006, you requested the results of surveys demonstrating acceptable levels of residual activity. I am enclosing copies of the closeout surveys for the treadmill room so that the room may be released for unrestricted use. This room, upon release, will be used as a radiology interpretation room.

I am available at the telephone number below for any questions.
