Mr Berger-

I apologize for not getting back with you sooner. The links below are the only public information available regarding the locations of commercial nuclear power plants regulated by NRC. Im sure you can use this information to determine the specific authorities and communities you seek. In addition, the Public Document Room staff (<http://www.nrc.gov/reading-rm/contact-pdr.html>) maybe able to assist you with this request. Hope this helps.

Thanks
Alicia Williamson

Hi Alicia,

Plymouth needs a name/address list of top government officials in each of the communities which hosts a nuclear power plant in this country, as well as a list of the same categories of authorities in all communities in the EPZ (separate lists). Can we obtain this information from you? A Word file would be ideal. Thank you.

Jeff Berger, Chairman
Nuclear Matters Committee
Town of Plymouth, Massachusetts
