## Notes:

December 11, 2006

Docket No: 07002912  
Control No: 139355  
License No: SNM-1862

This is to confirm Montclair State University will receive a new license number because we no longer possess the special nuclear material.

We would like to continue to utilize radioisotopes for training and research purposes at the University. Therefore, we would like to request an extension to provide us with additional time to evaluate our current needs.

Respectfully
