Lee

Thanks for the info, I received both fax and mail versions. On another matter that I wonder if you know anything about, I received a series of data on "Top Ten Taxpayers in Plymouth", a sheet for each FY from 2000-2005. I thought I obtained these from Bruce Miller, your Finance Director. However, I have left several telephone messages for him with no response. I thought perhaps he was on vacation but it has probably been a month since my first message and two weeks since the last. If you know of these data and confirm them as Town source, I will simply cite them as Plymouth Town data, or if you could tickle Bruce to respond, I would very much appreciate your help.

Best
 Andrew

No, I did not receive anything. The fax here is 212 798-8501. I did meantime find some useful data from the OCPC report "Keeping Our Region Competitive", June 2006.

I called Bruce Miller earlier today to confirm the source of some tax data I have but was not sure that it had come from him. I have not heard from him yet but wonder if you know anything about a series entitled "Top Ten Taxpayers"? Each lists the top property tax payers, including Entergy and Boston Edison and I have them for FY 2000-2006 but I need to confirm that this is a town document. If you know off-hand that these come from the town I would appreciate the confirmation.

Thanks for your help.

I was looking over notes from our meeting in May about the PNPS license renewal and

Mark Sylvia indicated that you had a list of major employers in the town.
I wonder if I could trouble you to send me that?
Best

Subject: Plymouth Population & Buildout Data

As we discussed, I am attaching the most recent population projections and buildout data for the Town. It is a part of a school feasibility study prepared by a New York based firm (Urbanomics) for the Town.
