Dear Sir:

Via letter (Reference 3), the SFST provided a Request for Additional Information (RAI) on our proposed amendment (Reference 4) to the HI-STORM 100 Certificate of Compliance. The letter requested a response by December 30, 2006, and further requested that if Holtec is unable to meet this deadline to notify the NRC in writing of a new submittal date at least two weeks in advance. Holtec herein requests to extend the deadline for responses to the RAI to January 19, 2007 in order to have adequate time to prepare our responses.

Sincerely,

Tammy Morin
