**Subject:** FERC Action item

Joelle,

Attached please find a draft list of the potential new plant licensees' access agencies for the grid. This will be reviewed by the COLTF in the coming weeks, but should give you an idea of who will be dealing with FERC and who will not. Many of those who do not directly deal with FERC will be interested in this process in the event they encounter similar problems.

Please let me know if you have any questions. Thanks.

-Leslie
