Subject: Issuance of the Final Environmental Impact Statement (FEIS) for an Early Site Permit at North Anna

The staff of the U.S. Nuclear Regulatory Commission (NRC) has issued the FEIS for an Early Site Permit (ESP) at the North Anna ESP Site. Because you provided us with comments on the draft EIS (DEIS), the staff is informing you that the supplement to the draft is available for public comment through the ADAMS component of the NRC's electronic public document room (use Accession No. ML063470314). For your convenience, you may also find it at <http://www.nrc.gov/reactors/new-licensing/esp/north-anna.html>. If you are interested in obtaining a hard copy of the final EIS, then you may request one by responding to this e-mail and by providing us with a current address.

Thank you,
