Department of the Army  
ATTN: Commander  
U. S. Army Electronics Command  
Directorate of Research, Development,  
and Engineering  
Fort Monmouth, New Jersey 07703

Gentlemen:

We received on September 4, 1973, your application for renewal of License No. 29-01022-07.

In support of your application for renewal, please provide the following additional information:

1. A copy of your operating procedures for using the irradiator. These include the step-by-step procedures you will follow and all safety practices and precautions related to operation of the irradiator.
2. A copy of the emergency procedures that you will follow, including identification of each emergency that may arise with the irradiator.
3. A copy of your procedures for periodic inspection and maintenance of irradiator components.

Sincerely,

ORIGINAL SIGNED BY  
FRANK C. DAVIS
