Gentlemen:

This refers to the telephone conversation between Richard Johnson, Deputy Commander, Technical Support Activities, and Mr. P. Stohr, Acting Chief, Fuel Facility and Materials Safety Branch, Region I, on October 23, 1978, regarding the operation of your in-air irradiation facility.

With regard to the matters discussed, we understand that you have taken or will take the following actions:

1. The in-air irradiator will not be used, except for modification and repair of safety systems until the requirements of 10 CFR 20.203(c)(2) and the conditions of your license are met.
2. Proposed modification and repair of the irradiator will be or has been reviewed by your Isotope Committee.
3. All modifications and repairs will be under the supervision of your Radiation Safety Staff.
4. You will notify the NRC Region I office at least twenty-four hours prior to resuming routine operation of the irradiator.

If our understandings of your planned actions, as described above, are not in accordance with the actual plans and actions being implemented, please contact this office by telephone and in writing within 24 hours of receipt of this letter.

Sincerely,

Boyce H. Grier  
Director
