MEMORANDUM DATED NOVEMBER 29, 2006.

On November 29, 2006, the Director, Office of Information Services (OIS), provided OIG with an update on corrective actions being taken to close recommendations 1 and 2 of OIG-03-A-01. These corrective actions require issuance of a revised management directive (MD) covering sensitive unclassified, non-safeguards information (SUNSI). In his update, the Director for OIS indicated that the staff is developing a proposed SUNSI policy, which is scheduled to be provided to the Commission for review and approval by the end of June 2007. Following receipt of the Commission's guidance on the proposed policy, the staff will develop the revised MD on SUNSI (MD 12.6), which is expected to be issued by the end of December 2008.

On the basis of this update, recommendations 1 and 2 remain resolved. To facilitate closure of these recommendations, please provide me a copy of the revised MD 12.6 when completed in December 2008. If the completion date should require an extension, please provide an update by November 1, 2008. If you have any questions or concerns, please call me on 415-5915, or Beth Serepca on 415-5911.
