Re: Notification and Amendment Request for Changing RSO for License 24-12699-01

To Whom It May Concern:

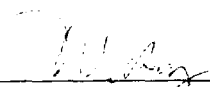

This letter serves as notification required by 10 CFR 35.14 (b)(1) and (2) that Kent McNutt, D.O., has permanently discontinued his position as Radiation Safety Officer (RSO) for Capital Region Medical Center, effective December 1, 2006. Mr. Kenneth L. Andrews, M.S., DABR has been appointed temporary RSO.

This letter also serves as a request for amendment to our material license, 24-12699-01, to appoint Mr. Andrews as our new Radiation Safety Officer. Mr. Andrews meets the required training requirements as an experienced RSO under 10 CFR 35.57 and is currently serving in this capacity on material license 24-32582-01. He also currently serves as a "deputy" RSO for material license 24-00794-03 and previously served as RSO on material license 24-24859-01.

In addition I have enclosed a letter outlining the delegation of authority granted to him by Capital Region Medical Center to act in accordance with those responsibilities as outlined in 10 CFR 35.24, "Authorities and Responsibilities for The Radiation Protection Program".

Please contact Mr. Andrews at (314) 260-7997 if you require any additional information.

Sincerely,

Janet Weckenborg, BSN, MHA
