I see that the expiration date of VY-S-123107 from Commonwealth of Virginia is 12/31/07. What was the issuance date?

Rich,

As requested, below is an update to permit expiration dates for three permits (blue font). Please note that the Indirect Discharge Permit was currently in

the renewal cycle as footnoted in Table 9-1 of the VYNPS Environmental Report at the time of submittal of the license renewal application (LRA), with the

other two permits expiring and being re-issued after submittal of the LRA. Also, please note that the registration number for the "Application for Registration

to Transport Hazardous Radioactive Materials" changed since this number changes annually.
