I am 100% for adding security at TMI nuclear site, Harrisburg, Pa. It should have never been removed from where it was initially.

We ALL know that the terrorists want to attack a nuclear site and that in it's self should be enough to answer if we need more security. God help the person who does not act and something happens. Always error on the side of security and safety! Also, include PEACH BOTTOM nuclear site in York County, Pa. for added security! When this war is over then talk of standing down.
