Betsy,

Dave Allard requested that I introduce Steve Socash to you as the contact for DEP landfill questions. Steve is the Environmental Program Manager for DEP's Bureau of Waste Management. His contact information is (717) 787-7561; ssocash@state.pa.us . In addition, I have attached the matrix we use in BRP to define the RESRAD inputs for PA minimum landfill design requirements for facilities permitted under current regulations. Municipal landfill design and operation regulations for PA can be accessed via the internet at the address below. See chapter 273, Municipal Waste Landfills.

Dave,

In order for a dose estimate to be done for a landfill taking the RWTF reed bed sludge, we need to have some parameters for a actual or a 'standard' landfill. Who do you want me to work with in PADEP to obtain this information?

thanks,  
Betsy
