RE: License amendment request  
License # 45-24867-01 03029501

Dear Mr. Lawyer,

I would like to add to our license that the authorize users, Eric H. Norby, M.D., Christine D. Bussey, M.D. and Robert G. Matthews, M.D., all had training from the manufacture on the use and storage of the gadolinium-153. This source is used by our ADAC nuclear camera for patient attenuation.

If you have any questions regarding this request, please contact me at (703)-641-0500. Thank you for all your help in this matter.

Sincerely,
