DOCKETED
USNRC

January 3, 2007 (11:57am)

OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

NRC Staff,

I am a medical physicist, board certified in Therapeutic Radiological Physics by the ABR in 1989. I have worked as a therapy physicist in both Radiation Oncology and Nuclear Medicine Departments since my certification. I am concerned with the current proposed rulemaking which excludes my certification as recognized by the NRC. An acceptance of this rule as written would impose undue burden on my ability to serve as an authorized medical physicist, or RSO, as I have in the past, even though I have many years of clinical experience.

(6)

I am writing in support of the AAPM's petition to include those of us who were previously certified. I support a revision of the grandfather provision to recognize individuals who did their training and certification prior to the October 25, 2005 date as currently listed in the proposed rule.

Thank you for your attention to this matter.

Sincerely,

Janice M. Campbell, MS, TABR
