I verified that your badge is activated. Parking will be reserved. As you enter past the security check point, proceed to the parking nearest the security guard house. There will be reserved spots posted for NRC along the perimeter of the parking lot entrance.

Please notify me if you would like me to arrange an entrance or exit mtg. or any management de-briefs during your inspection.

Hello Kathy,

It was on my list to contact Mark Ferdas and the site folks this week - thanks for the reminder.

I've been talking to Pete Tamburo and Howie Ray about procedures and schedules. Paul Kaufman and I have decided that 10/16 through 10/20 would be the most opportune time to observe and evaluate the drywell inspection commitments. So, I'm planning on being on site next week - arriving on Monday AM - approximately 8:00 AM.

Paul will be there from 10/23 to 10/27 - he will be mainly concentrating on the 7111108 inspection requirements.

If you could make sure my badge is activated that would be a big help.

Thanks.

Tim O'Hara

In anticipation of your upcoming visit to OC, please let me know if there is anything in the way of preparations or site access that we can check into prior to your arrival. We typically arrange for parking, check on site access for inspectors, set up entrance or exit meetings if needed and ensure that the appropriate personnel are available to

support inspectors' needs.

We are expecting Paul Kaufman the week of Oct 23-27, and he mentioned you inspection but didn't have dates.

I can be reached form 7 to 4 as indicated below. Please let me know if you need any assistance.

Thanks,

Kathy Barnes
