Dear Director General Echávarri:

Thank you for your kind invitation to participate in the upcoming Nuclear Energy Agency Committee on Nuclear Regulatory Activities Regulatory Forum on Assuring Nuclear Safety (FANS) in June 2007. I believe that this event will provide a beneficial opportunity to share insights with fellow regulators, and it would be my pleasure to participate as a keynote speaker.

I look forward to speaking with you in the near future and to receiving further details about FANS 2007. I extend my best wishes for a good New Year.

Sincerely,
