**NEA Regulatory Forum on Assuring Nuclear Safety (FANS 2007)**  
**12<sup>th</sup> – 13<sup>th</sup> June 2007, Paris, France**

*Date,*  
Dear Dr. Klein,

We would like to confirm to you that the NEA Committee on Nuclear Regulatory Activities (CNRA) is holding a Regulatory Forum, which will focus on the fundamental question facing a regulator, "How can the regulator judge whether its actions are actually leading to achieve an acceptable level of safety?" FANS 2007 will take place on the 12<sup>th</sup> and 13<sup>th</sup> of June 2007 in Paris, France. The forum will begin at 14H00 on the first day.

The Forum will include heads from regulatory organisations, high-level government officials and stakeholders including heads of industry.

Because of your leadership role in the nuclear regulatory community, we hope you will participate as a keynote speaker at the opening of the Forum.

The formal invitation along with details on the meeting agenda and logistics on arrangements will be transmitted early next year. We would very much appreciate if you can place this on your schedule for next year.

Yours sincerely,

Luis E. Echávarri  
Director-General
